

Dear Customer

It gives us great pleasure to announce that from the 1st of January 2023, [TECH CAL](#) has become the exclusive representative for [Metrohm ANZ](#) products in the French Territories of the Pacific (New Caledonia and French Polynesia, as well as Vanuatu). Our two companies will work seamlessly to provide ongoing support and service for all existing customers.

TECH CAL can now supply and support Metrohm ANZ products including our Agencies; Retsch, ELTRA, Carbolite, BioSystems, Milestone and ELGA (excluding Microtrac). This is aimed at improving our local support to our customer base in the French Territories of the Pacific, bringing our high-quality products and support closer to our existing and new customers.

If you have existing Metrohm instruments or might be interested in our new technology, please do not hesitate to [contact us](#).

Björn Christensen
Chief Executive Officer
Metrohm Australia & New Zealand
